

Ethernet Field Products

Toolless Field-Termination

These plugs and keystone modules are easy to terminate in the field without special tooling.

They are made with a robust die cast housing - as well as the coupler.

Features

- Cat5, Cat5e, Cat6, Cat6A, Cat8
- Industrial
- Die Cast, Shielded or Unshielded
- Toolless

DIN-Rail Adaptors

- Equipotential bonding spring
- Window for identification labels
- DRA60W saves space in DIN 43880 distribution boxes, DRA8IW has a swivel frame design
